

Engineering the Future

**WORLD CLASS, ENERGY-SAVING
EFFICIENCY & RELIABILITY**

16 BAR

TANK MOUNTED SCREW COMPRESSOR

Specifically designed, high purity air
power for the laser cutting industry.

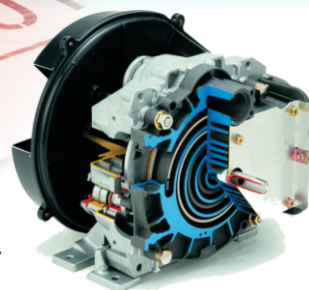

- **Maximum energy efficiency**
- **100% continuous duty rated**
- **Direct drive for zero transmission loss**
- **Ultra quiet operating performance**
- **Integral Refrigerated Dryer and filtration for high quality air**
- **Digital control panel**
- **Minimal floor space**
- **Low maintenance costs**
- **Permanent magnet motor**
- **Variable speed drive**

16 bar pressure for faster cutting

11 - 15 & 22kW models available

**Advanced, lubricated,
fixed orbit technology**
